The Dawn of the Flies has activated the Pole known as E.:G.:C.: transmitting the first partial information from the year 2025.

The E.:G.:C.: accepted the frequency q.309 in 2023 after having received precise instructions from the year 2026 during the third and definitive opening of the Bridal Chamber.

Responding to the need for an endless, inexhaustible renewal of a Permanent, Futile, Fallacious, Contradictory, Implausible Creation, The E.:G.:C.: is the living extension of the total mystery of the Igneous Christ.

The E.:G.:C.: moves the constant of its own Discontinuity beyond contemplative theology and dialectical theology.

The method of the Doctrine of the Pre-existing Effect undergoes the modification of the transition from a synchronic liturgy to a diachronic liturgy.

Our Liturgies will be called מחלות, the Diseases that manage the drives and virtues of the Blood, the Flesh, the Head and the Belly, our Diseases manage everything that has no materiality.

The E.:G.:C.: is the Introitus Ignis, between physical dislocation and mystical investigation, negativity and cognitive restlessness. We celebrate the distribution of the divine artefacts and bring together the Desert Generation.

E.:G.:C.: goes back to the original source of non-rational linguistic operation, annihilating the talismanic power of the word.

Our Via Passionis is to establish Error, Our Via Perfectionis is to eradicate the Logos.

This is why the mediocre ones succumb here.

The adaptation of ancient formulas occurs through a transfusion of the salvific message into new structures of action; this transfusion occurs through the betrayal of the nucleus of Revelation according to a Negative criterion.

The theology we get from it is the theology of the Nuovissimo Patto. Celebrating it correctly at one of the Poles is a cause of realignment and has both liturgical and cosmic ramifications.

The first nucleus of the E.:G.:C.: is committed to materializing the Perpetual Presence at the first Abode.

Here the Doctrine of the Pre-existing Effect and its implicit initiatory deconstruction are being proclaimed.

“Escatologica. Bellica. Realizzata.”

The first development of the Quadrato, first amplified form, leading to the Vero Cubo.

The relative network we are weaving is the connection point with the Absolute frequency.

Salvation given to the Cosmos in becoming One.

Bringing Everything back to the Original code, this is where salvation begins for those who have "separated" and "got naked".

The Emanator, 309, we, are ONE.
